

Powertrak™ Event Management

You can manage unlimited events, register attendees, book accommodations, schedule functions and handle payments, all in one spot. Better yet, attendees can handle their end of signing up through the optional interactive portal to keep costs down and event revenue up.

Accessible from your web browser, this module provides everyone in your organization and your attendees with one place where they can sign up, book rooms, schedule their exact event functions, and pay for the event. Easily calculate and follow up on fees due to keep revenue up, and at the same time manage every resource to keep you costs down. Finally, use Microsoft Outlook to communicate with attendees, suppliers, speakers and staff to streamline every interaction needed to keep the event on track.

Product Summary

The Efficient Way to Manage Every Event

Set up and manage every aspect of your events inside your web browser.

Built on Microsoft CRM

Expand on top of the safe, powerful Microsoft system.
